Technical Data 50

**RS E**

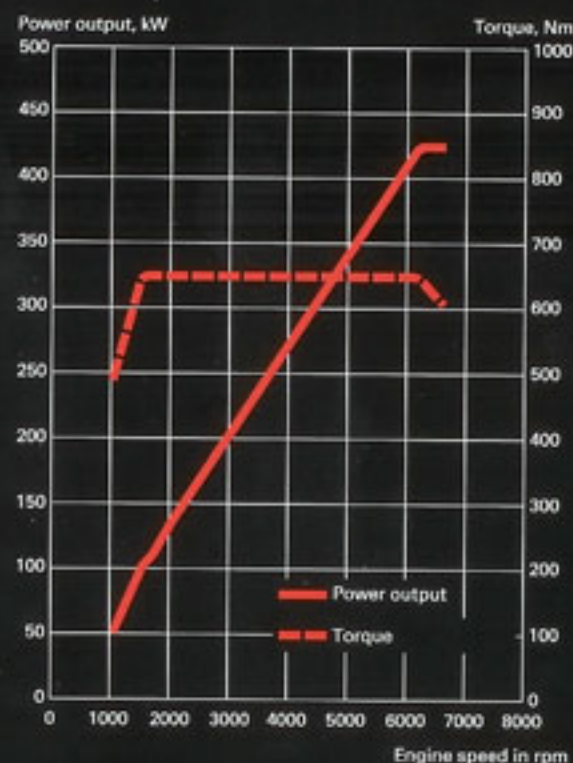

The power plant. The heart of the RS 6. This ten-cylinder engine generates impressive torque of up to 650 Nm at 1500 to 6250 rpm. Taking you in only 4.6 seconds to 100 km/h – and in 14.9 seconds right up to 200 km/h. The enhanced 6-speed tiptronic with shortened shift times adds dynamism to your drive, reacting to your every impulse in fractions of a second.

The engine uses FSI® technology originating from motorsports. FSI® ensures fuel is used with optimum efficiency: fuel is injected into the combustion chamber with pinpoint accuracy, and so is even more exactly targeted. FSI® generates more power from every drop of fuel than ever before.

## Equipment packages / Design packages

**Audi exclusive Black styling package:** Radiator grille, number plate holder and radiator grille frame in high-gloss black, window moulding strips in black

## Paint finishes

**Paint finishes: metallic/pearl effect**

**Audi exclusive individual paints.** From quattro GmbH.

## Exterior equipment

**Roof systems, locking systems, windows, further exterior equipment**

### Roof systems

**Slide-and-tilt glass sunroof,** electric, tinted single-pane safety glass, with fully variable sunshield; integral wind deflector, automatic pre-selection for sunroof position; convenient closing from outside via central locking and via remote control

**Slide-and-tilt solar-panel sunroof,** electric, moderates temperature in stationary vehicle with steady current of air; operation as for slide-and-tilt glass sunroof, (no fully variable sunshield)

### Locking systems

**advanced key,** access and authorisation system; key operates when carried in vicinity, engine switched on and off via Start/Stop button in central console, vehicle locked from outside via switch on all door handles

**Anti-theft system** with anti-tow tilt sensor system (deactivatable); including deactivatable interior monitoring; warning horn functioning independent of car's own electrical system for protection of doors, engine and luggage compartments

**Remote control** for central locking system, integrated into vehicle key, one-touch opening and locking of doors, windows, luggage compartment and fuel cap – with a variable input code, the vehicle's security level is shown by a light on the key itself

**Garage door opener (HomeLink),** programmable remote control, operating buttons integrated into roof module; can be used to open or close garage or exterior doors and gates, can control security and lighting systems; for further information contact your Audi Partner

**Luggage compartment lid electrically actuated,** opened via remote control, via button in driver door or via soft-touch button in handle recess of luggage compartment lid, closed via button on inside of luggage compartment lid. Includes closing aid and programmable opening angle

**Power-assisted door closing,** fully closes doors left ajar, including electrically actuated child lock for rear doors

**Door handles flush with body shell,** finished in body colour, with matt aluminium-look trim

**Door opener in RS design** aluminium-look door shells, central interior actuation for central locking in driver door

**Central locking** with remote control integrated into vehicle key, one-touch opening and locking of doors, luggage compartment and fuel cap; includes convenient window opening and closing and separate luggage compartment lid unlocking via remote control, additional interior actuation in driver door

### Glazing

**Insulated glass,** for improved damping of external noise and additional security, reduced heating of interior (rear window standard glazed)

**Windscreen** with heat-insulating glass, green-tinted strip at top

**Rear window** can be heated, timer function

**Rear wiper** with automatic wash and wipe function and automatic actuation when reverse gear selected (when front wiper is activated)

**Tinted glass:** Rear window, rear door panels and rear side panels dark tinted

**Windscreen washing system:** Two-level operation, automatic option, tip wipe contact, automatic wash and wipe function, automatic final wipe about five seconds after last wash-wipe cycle (can be deactivated via MMI), heated front washer nozzles

**Heat insulating glass,** green tinted, front window of laminated glass

### Further exterior equipment

**Exhaust system,** double flow, with oval tail pipes

**Roof rail,** sturdy and aerodynamically shaped; in aluminium matt

**Roof rail,** sturdy and aerodynamically shaped; in black matt

**Roof edge spoiler,** on luggage compartment lid

**Wheel arch extensions** front and rear

**RS 6 logo** in radiator, in the entry sills, on the luggage compartment lid, on the multi-function leather sports steering wheel, in the rev counter and on the seat covers

**Sill extensions and door trim strips** finished in body colour

**Single frame:** One-piece aluminium-look ornamental frame with diamond-pattern radiator grill in high-gloss black

**Sports exhaust system,** double flow, with oval tail pipes in black matt

**Bumper** in RS design

**Trim strips** in aluminium matt

## Wheels/tyres

**Cast aluminium wheels in 10-spoke styling,** 9 J x 19 with 255/40 R 19 tyres

**Cast aluminium wheels in 5-segment spoke styling,** 9.5 J x 20 with 275/35 R 20 tyres

**Cast aluminium wheels in 5-segment spoke styling, Titanium look,** 9.5 J x 20 with 275/35 R 20 tyres

**Cast aluminium wheels in 7-double spoke styling,** 9.5 J x 20 with 275/35 R 20 tyres

**Tool kit** in luggage compartment

## Winter wheels

**Cast aluminium wheels in 10-spoke styling**, 9 J x 19 with 255/40 R 19 winter tyres, can be used with snow chains

**Cast aluminium wheels in 5-segment spoke styling**, 9 J x 20 with 265/35 R 20 winter tyres, can be used with snow chains

**Cast aluminium wheels in 5-segment spoke styling**, 9.5 J x 20 with 275/35 R 20 winter tyres, cannot be used with snow chains

**Anti-theft wheel bolts**, can only be unscrewed with adapter supplied

**Tyre pressure monitoring system**, monitors the set pressure and temperature of each individual wheel, including newly delivered winter wheels; wheel air pressures and temperatures are displayed in the MMI

**Tyre mobility system** with 12 volt compressor and tyre sealant, allowing a top speed of 80 km/h

**Car jack** in luggage compartment

## Lights and mirrors

### Lights, mirrors

#### Light

**adaptive light**, dynamic cornering light with moving headlights; the headlights turn to better illuminate bends as the vehicle turns. Activated from approx. 10 km/h to 110 km/h

**Rear lights with LED technology**, brake lights and tail lights with LED technology, with two reversing lights and two rear fog lights

**Interior lighting** with switch-off delay and contact switches on all doors, luggage compartment, driver, front passenger and rear lighting, two reading lights each front and rear, illuminated vanity mirror and door panel illumination

**Lighting package**, includes door ambient lighting under the wing mirrors, entry lighting, footwell lights with LED technology front and rear, ashtrays in rear doors illuminated, ambient lighting of the centre console and front and rear door trim panels, active door reflectors in front and rear doors

**Fog lights** integrated into main headlights

**Headlight washing system**, with high pressure water jet for better illumination and excellent visibility

**LED daytime running light**, an illuminated strip integrated into the main headlights

**Xenon plus**, for brighter lighting in low-beam or high-beam mode, automatic regulation of beam throw length

#### Mirrors

**Exterior mirrors** with integral LED indicators, electrically heated and adjustable, matt aluminium-look housing, mirror glass convex, flat or aspherical

**Exterior mirrors** electrically folding, auto-dimming (including auto-dimming interior mirror)

**Exterior mirrors** electrically folding, auto-dimming with memory (including auto-dimming interior mirror), passenger side mirror with tilt function. When reverse is selected, the mirror surface of the passenger mirror tilts downwards, so the driver can see the kerb when parking

**Interior mirror, auto-dimming**, uses a photo-electric cell to identify excessively bright headlight beams behind the car and darken the mirror glass automatically. Can be deactivated.

**Interior mirror with digital compass display**, auto-dimming interior mirror with digitalised display of direction of travel. Eight main points of the compass (N, NE, E, SE, S, SW, W, NW) are displayed

## Seats

### Seats, seat comfort, seat upholstery/leather packages

#### Seats

**Sports seats**, with extra lateral support, sporty appearance and integral front headrests

#### Seat comfort

**Headrests** for all five seats, integral at front, at rear height manually adjustable

**Lumbar supports electric for front seats** with electrical vertical/horizontal adjustment

**Memory function**, two separate memory cells for electrically adjustable driver's seat or driver and front passenger seats as well as exterior mirror and steering wheel when electrical steering wheel adjustment is installed

**Centre armrest rear**, in the rear seatback, fold-down, with stowage

**Centre armrest front**, with folding stowage, angle adjustable

**Fold-down rear seatback**: dividing, 1/3, 2/3 or fully folding

**Seat heating** for front seats and outer rear seats, heated cushions and backrests, gradually adjustable at each seat

**Front seats electrically adjustable**: longitudinal position, cushion height and angle, backrest angle with electrical adjustment, 4-way lumbar support, electrical vertical/horizontal adjustment

### Seat upholstery/leather packages

#### Cockpit on driver side covered in Audi exclusive leather

Driver side covered in black leather

Driver side leather covered, including central console in tinted leather

**Alcantara/leather combination**: Headrests, seat sides and lateral supports, centre armrests front and centre in leather, seat centre strips and door cladding in inner area in Alcantara

**Audi exclusive leather equipment** (Package 1 and 2), Alcantara/leather combination or Valcona leather

**Silk Nappa leather equipment**: Seat cover (with contrast seams), headrests, door cladding in inner area, centre armrests front and rear in leather

**Valcona leather equipment**: Seat covers (with contrast seams), headrests, door cladding in inner area, centre armrests front and rear in leather

## Interior equipment

### Decor elements, air conditioning, luggage securing and storage systems, further interior equipment

#### Decor elements

**Frame** around the instrument cluster in Piano finish black

#### Inlays

Matt brushed aluminium

Carbon

Piano finish black

Fine grain myrtle nutmeg

**Audi exclusive inlays.** From quattro GmbH.

**Sill trims** in the door cut outs with aluminium inlay and RS 6 logo

#### Air conditioning

**Ventilation system**, four separately adjustable blowers in the instrument panel, adjusting wheels illuminated when light switched on, defroster nozzles for windscreen and side panels, footwell blowers front and rear, central blower rear as well as air blowers in the rear B pillars

**Deluxe automatic air conditioning plus**, separate temperature and air distribution for driver and front passenger sides, digital temperature display, indirect ventilation, air conditioning of rear area through air blowers in the B pillars, automatic regulation of circulating air by air quality sensor, quick-defrost button, combined pollutant and pollen filter, moisture sensor, key recognition

#### Luggage securing and storage systems

**Storage compartments** in the door cladding and in the centre console, additional storage compartment in the roof module, e.g. for sunglasses

**Storage package**, encompasses storage compartment under front seats, two cup holders in the rear centre armrest, includes luggage net for the luggage compartment

**Double load area floor** with cargo tray underneath, easy to clean; ideal for carrying soiled equipment

**Through-loading facility**, to facilitate transport of long objects

**Through-loading facility with removable ski bag**, to facilitate transport of long objects, e.g. up to four pairs of skis or two snowboards

**Securing concept** for the rail system in luggage compartment, with telescopic bar and lash strap, for customised division of luggage compartment and securing luggage

**Luggage compartment** high-volume with large through-loading width, including side net on the right of the compartment

**Luggage compartment cover**, removable, can be pulled out with one hand

**Cup holder**, two in the centre console front and two in the centre console rear

**Glove compartment** on front passenger side, high-volume, with light and holder for writing materials

**Coat hooks**, two in rear roof area, also one each on right and left B pillars

**Rail system with variable fastening points** in the luggage compartment, four of the fastening points in rail system can be individually positioned, to help secure cargo

**Lockable side compartment**, in luggage compartment instead of standard side net

**Pocket hooks** left and right in the luggage compartment

**Partition net**, can be fastened to the car body or to the folded-down rear seatbacks, extremely useful with rear seatbacks wholly up, partly down, or wholly down; removable

**Fastening points**, four in luggage compartment, for securing baggage and cargo, can be individually positioned in rail system

**Reversible mat**, for luggage compartment, one side velour one side rubberised, for covering luggage compartment, also for folded-down rear seatback, with fold-out boot sill and bumper cover

#### Further interior equipment

**Ashtray**, in centre console and in the rear doors

**Roof lining** in black cloth

**Roof lining** in silver cloth

**Roof lining** in Nardia microfibre black

**Window lifts** electric front and rear, with closing force limitation, convenient opening/closing via central locking, "one touch" open/close function

**Foot mats** of velour front and rear, matching carpet colour

**Audi exclusive foot mats** with piping

**Foot mats with RS 6 logo**, black, embroidery on front foot mats and piping in black or silver

**Foot well lining**, in velour, matching interior colour, footrest for clutch foot and footwell lighting front and rear

**Grab handles**, four, cushioned, folding, each sunk in roof area

**Centre console** with ashtrays, electro-mechanical parking brake, MMI terminal, storage compartment, cup holders, cigarette lighter and another cupholder under a lid

**Pedals and footrests** in aluminium-look

**Sun visors** folding and swivelling, on driver and passenger side with lidded illuminated vanity mirror

**Sun blind**, manual, for rear window and rear door windows

**12 volt socket**, in centre console rear and in luggage compartment

**Audi exclusive carpeting** including additional footmats front and rear

**Cigarette lighter** and ashtray in front centre console

## Steering wheels

### Steering wheels/gear levers/controls

**Audi exclusive controls:** Steering wheel, gear lever knob and gear lever sleeve in leather

**Audi exclusive steering wheel rim**, leather

**Steering wheel adjustment, electric**, height and depth adjustable, with automatic entry and exit function – allowing you to conveniently set your preferred driving position

**Multi-function sports leather steering wheel, 3-spoke design, with paddles**, with RS 6 emblem and aluminium-look paddles behind the steering wheel, with full-size airbag and perforated leather, height and depth adjustable, for operating MMI, radio system, voice control system and telephone or mobile phone

**Multi-function leather steering wheel, 4-spoke design, with paddles**, heated, steering wheel heating can be deactivated, with full-size airbag, no RS 6 emblem, seams and paddles behind the steering wheel in black; MMI, radio system, voice control system and telephone or mobile phone

**RS multi-function sports leather steering wheel, 3-spoke design, with paddles**, flat-bottomed, with RS 6 emblem and aluminium-look paddles behind the steering wheel, with full-size airbag and perforated leather, height and depth adjustable, for operating MMI, radio system, voice control system and telephone or mobile phone

**RS multi-function sports leather steering wheel** “suede” look, steering wheel rim and gear lever knob with cover in black “suede”

**Gear lever knob, perforated leather** with aluminium look and gear lever sleeve in leather

## Infotainment

### MMI and navigation systems, radio and TV systems, telephone and communication

#### MMI and navigation systems

**Driver information system with colour display**, high-resolution, colour makes display clearer and more readable, 3-D view option for navigation system available, digital speed display on screen

**MMI**: Integrated operating concept, consisting of MMI terminal and MMI display (high resolution colour 7-inch screen in the instrument panel), extended radio system with double tuner (background search for alternative frequencies for same channel); 6-CD changer (MP3 and WMA-compatible) in glove compartment. No playback of copy-protected music files (DRM)

**Navigation system with DVD** including MMI: with navigation DVD (to the extent digitalised), 7-inch colour display with high-quality map display and numerous detailed display options, dynamic destination guide (where available), radio with double tuner, DVD drive for navigation DVD, additional arrow display in driver information system with colour display, including 6-CD changer (MP3 and WMA-compatible), with roof aerial

**Navigation DVD**: Includes navigational data for the following countries (to the extent digitalised): Andorra, Belgium, Denmark, Germany, Finland, France, Greece (Athens), Great Britain, Ireland, Italy, Liechtenstein, Luxembourg, Monaco, the Netherlands, Norway, Austria, Poland, Portugal, San Marino, Sweden, Switzerland, Slovakia (Bratislava), Slovenia (Ljubljana), Spain, Czech Republic, Hungary, Vatican City

#### Radio and TV system

**Antenna system**: window aerials; roof aerials for navigation system, mobile phone preparation or car phone

**Audi music interface**, for connection with Apple iPod from fourth generation (iPod, iPod mini, iPod nano, iPod photo, iPod video) and other MP3 players, operated via MMI or multi-function steering wheel, accommodated with loading facility in glove compartment. Note: can only be used in conjunction with special adapter cable (available through Audi Accessories). For details of compatible MP3 players contact your Audi Partner

**BOSE surround sound**, 5-channel surround sound playback, dynamic driving noise compensation, 8-channel amplifier, 13 speakers – for excellent sound reproduction; 270 watt total output

**CD soft bag** for storage of up to 24 CDs

**CD changer**, in glove compartment, for six CDs (MP3 and WMA-compatible), operated via MMI, shockproof, easily accessible, no repository, each CD can be individually loaded and changed. No playback of copy-protected music files (DRM)

**Digital radio reception (DAB)**, integrated in MMI, in addition to analogue stations, reception of digitally transmitted radio stations. Please note, reception dependent on availability of local digital network

**TV reception**, reception of analogue and digital (DVB-T) transmitted television channels, TV image and video-text/EPG (Electronic Program Guide) only when vehicle stationary, TV sound output always available, option to connect two external AV devices via optional adapter cable. Please note: reception depends on availability of local analogue and digital networks

#### Telephone and communication

**Mobile phone preparation (Bluetooth)**, Dual band (D and E networks), integrated voice control of telephone functions, roof aerial for good reception, with handsfree and loading facilities, operated via MMI and multi-function steering wheel, accommodated in the front centre armrest, for adapter and information on compatible mobile phones contact your Audi Partner

**Bluetooth carphone** for D and E networks, combines all the advantages of mobile phone preparation with a fixed phone; convenient connection of your Bluetooth mobile phone to vehicle's own GSM module (no second SIM card necessary, requirements: mobile phone supports Bluetooth SIM Access Profile), full-function telephone system through transfer of address book entries to vehicle and management of call lists, call transfer, hold and conference call modes, mobile is kept in coat pocket and switches off GSM operation (no mobile phone adapter set necessary), simple operation via MMI and multi-function steering wheel, integrated voice control of telephone functions, including radio aerial for good reception

**Bluetooth car phone including cordless service handset** for discreet telephony, handset accommodated in front centre armrest, in addition to Bluetooth car phone the handset provides the following functions: modern colour display, option to integrate a SIM card directly into the handset, convenient texting with automatic word recognition; simple operation via MMI and multi-function steering wheel, integrated voice control of telephone functions, including radio aerial for good reception

**Voice control system**: Depending on options chosen, certain basic functions of the navigation system with DVD, radio system, car phone and CD changer can be voice controlled

## Safety/technology

### Suspension systems/brakes, assistance systems/safety, technology

#### Suspension systems/brakes

**Brake system**: 19-inch high-performance brake system with ABS anti-lock braking system and EBD electronic brake-force distribution as well as hydraulic braking assistants, brake discs vented and perforated front and rear, rear with electromechanical parking brake

**Brake callipers**, finished in black, front also with RS logo

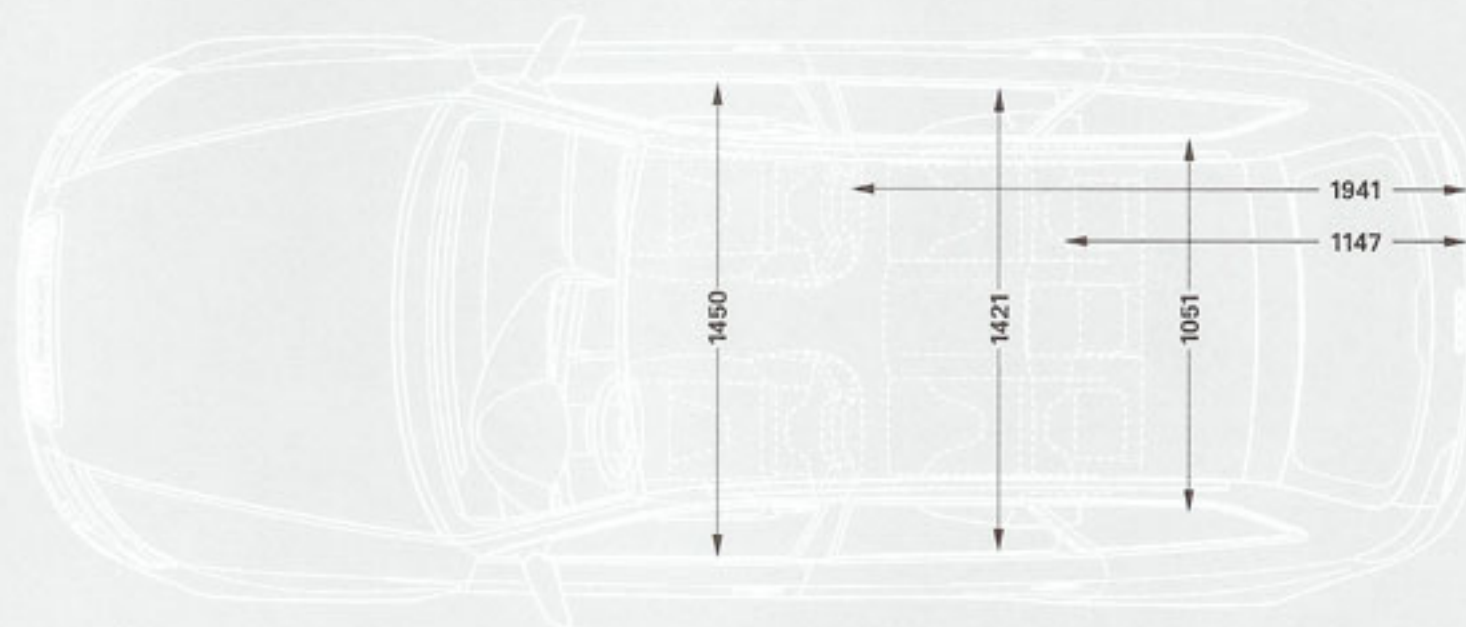

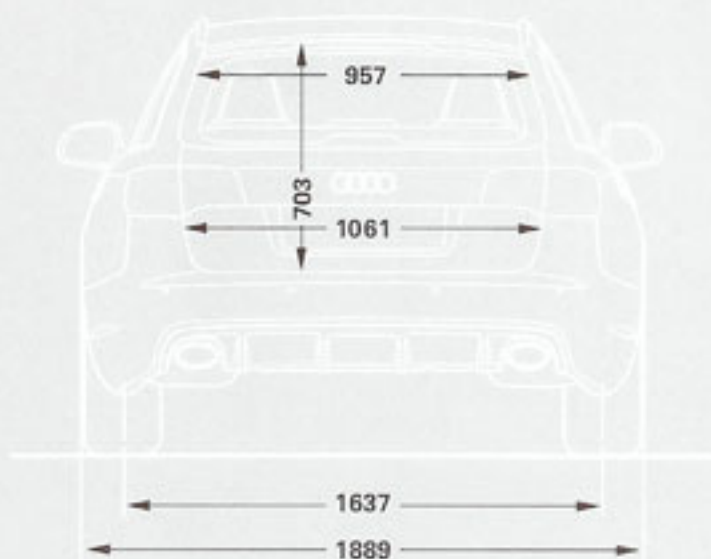

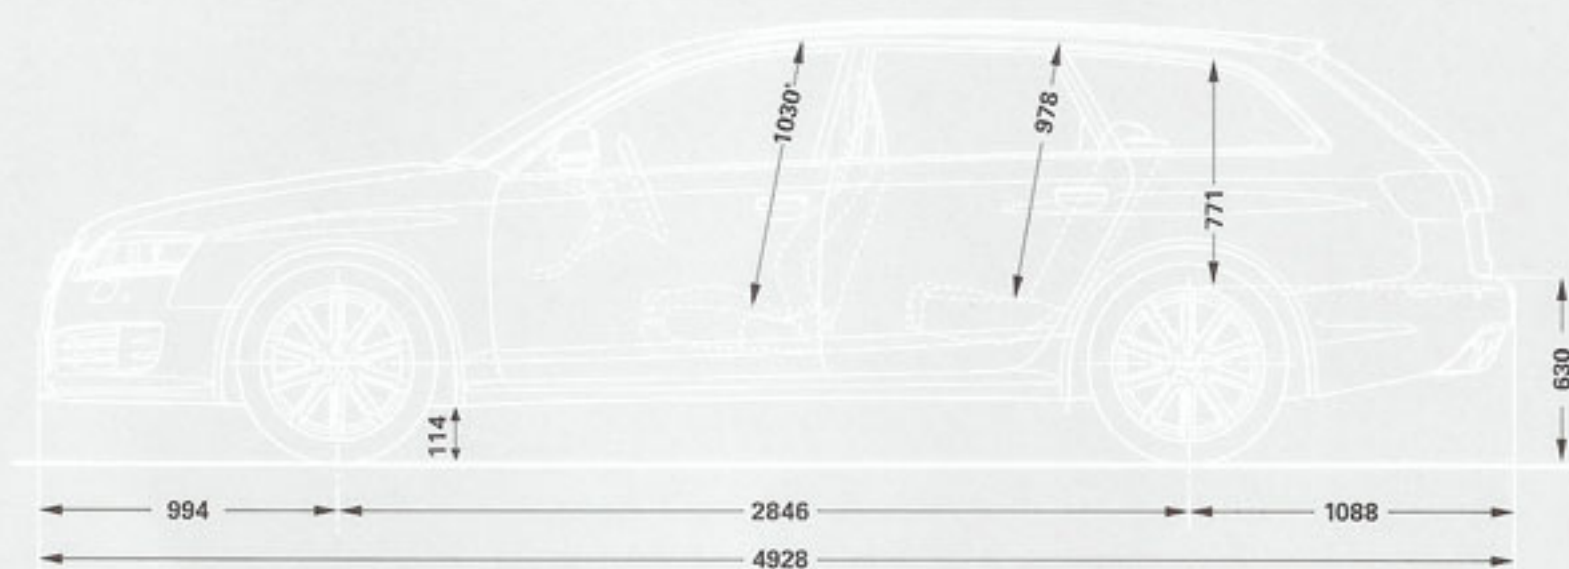

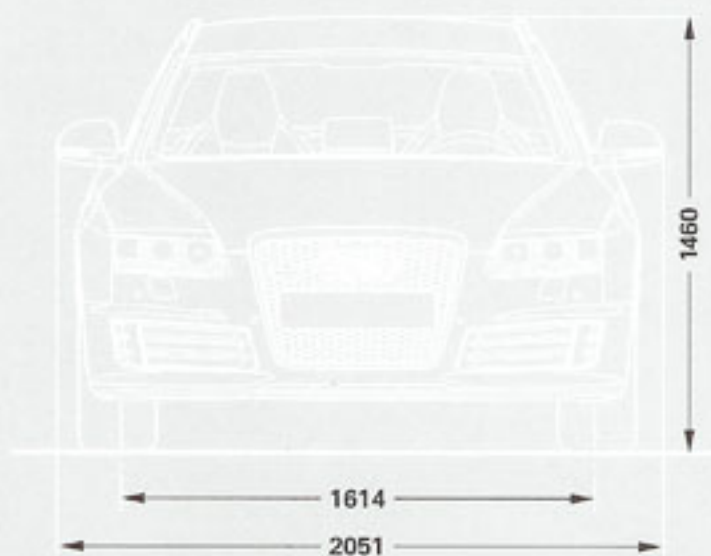

<b>Electromechanical parking brake</b> , encompasses parking brake function when vehicle stationary; start-up assistance through automatic release when starting up and emergency braking function while underway on all four wheels
<b>Ceramic brake system</b> : 20-inch high-performance brake system with carbon-fibre reinforced ceramic brake discs, specially developed cooling channels in the vented and perforated brake discs, brake callipers in Anthracite, at front with "Audi ceramic" logo
<b>Emergency braking display</b> : Automatic activation of hazard warning lights when emergency braking initiated to warn following traffic
<b>Sports suspension</b> with variable damping DRC Dynamic Ride Control
<b>Sports suspension plus</b> : Variable DRC Dynamic Ride Control damping characteristics can be set to one of three modes, operated via MMI
<b>Assistance systems/safety</b>
<b>adaptive cruise control</b> : Automatic distance control, recognises vehicles in front within system limits by means of a radar sensor and automatically maintains distance by braking and accelerating; four programs can be individually selected via the cruise control steering wheel lever, distance and dynamics can be individually set, radar unit discreetly mounted in radiator grille
<b>Airbags</b> : Full size airbag for driver and front passenger, triggers in two stages depending on force of impact; side airbags front integrated in the backrests; sideguard, extensive head airbag system, protects front and outside rear passengers in case of lateral impact
<b>ASR traction control</b> , prevents drive wheels spinning by reducing motor output and brings more stability and improved traction to the road, ASR or ASR/ESP can be deactivated via button in centre console
<b>Audi backguard</b> : In case of a rear collision, the shape of the seat means that the upper body is caught and the head supported, raising protection and reducing the risk of a whiplash injury
<b>Audi lane assist</b> notifies driver when vehicle is wandering from lane at speeds of over approx. 65 km/h. When the system is activated and the driver has not activated an indicator, the driver is notified by a steering wheel vibration when or just before the vehicle crosses the lane line detected by Audi lane assist. (Only in conjunction with 4-spoke multi-function steering wheel, removal of grey colour strip in windscreen)
<b>Audi parking system plus</b> , acoustic and optical parking aid front and rear with display on MMI screen
<b>Audi parking system advanced</b> , acoustic and optical parking aid front and rear, image of area behind vehicle shown in MMI display, camera discreetly mounted in luggage compartment lid handle strip
<b>Battery energy management</b> , controls supply of the vehicle with electrical power while underway and while the vehicle is parked
<b>EDL electronic differential lock</b> , on terrain offering variable grip the start-up aid automatically brakes the drive wheels to a speed of approx. 126 km/h when the surface is too smooth, ensuring powerful pull
<b>ESP electronic stabilisation program</b> , can be deactivated in two stages, combines ABS, EBV, ASR and EDL with its own sensors and compares driving data with reference data, at all speeds strategically brakes individual wheels and intervenes in engine management for enhanced stability

<b>Cruise control</b> , from approx. 30 km/h maintains the selected speed to the extent allowed by the engine output and engine braking, additional active braking intervention e.g. on downhill slopes, operated via separate steering wheel lever, whereby the selected speed is also shown on the combi-instrument screen
<b>Seatbelt reminder</b> for driver and front passenger seat, an acoustic and optical warning signal reminds occupants to attach seat belt
<b>Body</b> galvanised (fully galvanised in rust-exposed areas), self-supporting, with welded undercarriage, front and rear area with defined crumple zones (12-year guarantee against corrosion)
<b>Child lock</b> , manual on rear doors, safe and convenient activation via vehicle key, additional electric child lock for rear window lifts
<b>ISOFIX child seat anchorage for outside rear seats</b> , standard anchorage for convenient attachment of ISO-compliant child seats; compatible child seats are available from your Audi Partner
<b>ISOFIX child seat anchorage for front passenger seat</b> with deactivation switch for front passenger airbag, includes separate electric child lock on rear doors
<b>Light sensor</b> : Automatically switches low beam on and off as appropriate for lighting conditions; includes coming home/leaving home function: delayed switch-off/automatic switch-on of fog lights and LED lights as well as rear and numberplate lights when vehicle switched off/opened
<b>Rain sensor</b> : automatically activates wipers
<b>Side airbags rear</b> for outer seats, as complement to side impact protection in the doors and to sideguard head airbag system
<b>Side impact protection</b> , aluminium impact absorbers integrated in doors front and rear
<b>servotronic</b> , no-maintenance rack and pinion steering with speed-dependent power steering, giving precision steering at high speeds and excellent parking support
<b>Safety belts</b> : Three-point automatic belts for all seats with belt force limiter, height adjustment, pyrotechnic belt tensioner and seatbelt reminder for front seats; belt colour matches interior
<b>Audi exclusive safety belts</b>
<b>Safety steering column</b> , enhances protection potential of safety belts and airbags
<b>Door reflectors</b> , active, when door open reverse protection from following vehicles
<b>First aid kit</b> in storage compartment in rear centre armrest
<b>Warning triangle</b> with mount on inside of luggage compartment lid
<b>Warning and control lights</b> in instrument cluster
<b>Immobiliser, electronic</b> , integrated in engine controller, automatically activated by vehicle key

#### Technology

<b>tiptronic transmission</b> , 6-speed with DSP dynamic switching program and sport program, hydraulic torque converter with regulated lock-up clutch
<b>quattro®</b> , permanent all-wheel drive with asymmetrical-dynamic torque distribution; variable, smooth distribution of drive force and self-locking centre differential give excellent traction; electronic differential lock via braking intervention on all four wheels

**Dimensions in millimetres.**

Dimensions given for unladen vehicle weight, ground clearance with maximum load.

Luggage compartment volume 565 l, with rear seats folded down and vehicle loaded to roof 1660 l

(Measured according to the VDA method with cuboids measuring 200 x 100 x 50 mm). Turning circle approx. 12.2 m.

\* Max. headroom
